

Cashflows

Payments Perfected by People

Cashflows, the leading payment platform that makes it incredibly easy for businesses to accept payments.

Cashflows is a new breed of fintech payments company that makes it easy for growing businesses and financial institutions to accept card and digital payments – online, in-person, and on the move.

Through its own acquiring and gateway platforms, Cashflows provides a safe, secure ecosystem for processing payments right across the UK and Europe.

Cashflows products and services are built with the latest technology and the future in mind, to meet the specific needs of partners and customers across the insurance industry.

Cashflows are a member of the MGAA and are integrated to a number of leading Insurtech platforms.
