

Howden for Brokers goes even bigger at BIBA

London, 19 April 2024

Howden is returning to the BIBA Conference 2024 on 15-16 May at Manchester Central, to showcase an even wider offering of specialisms and schemes than in previous years.

Following Aston Lark's integration into Howden, the team will be exhibiting on stand C10 as Howden for Brokers this year. Visitors to the stand will be able to discover Howden's ever-expanding portfolio of schemes, facilities, and specialisms, and in line with BIBA's theme "What next?", uncover what is up and coming in terms of future specialisms and support for client issues such as underinsurance.

Aside from the added attraction of free coffee, cocktails, and a spin the wheel game where prizes can be won, the team of Howden for Brokers specialists will be primed and prepped to share their expertise.

Visitors to the stand can find out more about established and trusted brands such as Road Runner, Build-Zone, Self-Build Zone, Haven Knox-Johnston, Renovation Plan, and Incepta. In addition, brokers can gain insight into the ways in which Howden can support them with complex and challenging client risks across professional indemnity and financial lines, real estate, product recall, terrorism, energy liability, sustainable energy, fine art and specie, accident and health, warranties and indemnities, surety, construction, health and care, and even household and thatched property insurance.

Bob Birtwell, Head of Wholesale Business Development at Howden Specialty, said: "With market-leading schemes as well as a diverse range of additional specialisms, Howden for Brokers offers one of the largest insurance product offerings in the market for our broker partners. BIBA is a great opportunity for us to showcase our extensive range of solutions and have meaningful conversations with new and existing partners around how we can help them place complex and niche risks, drawing upon our experience and market access."
