

## Press Release

### **Jackson Lee Underwriting (JLU), BIBA scheme provider, exhibits at May 2024 Conference in Manchester**

Our team for this year's conference are looking forward to welcoming new and existing brokers to our stand C55.

As BIBA's official scheme provider for GAP / Early Termination Insurance and Holiday Traveller, Holiday Travel+, Sports Travel+, Longer Stay we are delighted to be attending this year's event which hopefully will be the best yet!

Visit us on stand C55 where we will be showing the latest developments in our BIBA approved travel insurance solutions for members, including updated systems, online medical screening, and optional ways to trade with us.

Do you want to better understand how vehicle salary sacrifice schemes work and the protection Early Termination affords businesses offering this benefit to their staff. Would you like to understand the work that has been done on GAP Insurance following the FCA's review.

JLU has been an independent MGA since 1991 supporting brokers with a wide range of niche insurance products. We look forward to seeing you at our stand where there is an opportunity to win a British and Irish Lions signed Tour Jersey from the 2017 series versus New Zealand.
