

Oakleafe Claims Announces Launch of Innovative 'Broker Shield' Product at BIBA Conference

We are excited to announce the launch of our Broker Shield product. We will showcase our groundbreaking service at the BIBA Conference 2024.

Broker Shield is designed to fortify insurance brokers by providing them with a robust service to enhance their daily operations and safeguard client relations. This product will enhance the brokers' pre-incident services as well as assist brokers in managing claims more efficiently by outsourcing, ensuring a swift, supportive response to clients during times of need whilst contributing to income.

As a valued attendee of the BIBA Conference, we invite you to visit Oakleafe Claim's stand C80. Here, you can personally learn about Broker Shield and discuss its benefits with our esteemed Directors. They are eager to provide detailed insights into how this product can transform your business operations and enhance client service experience.

In addition to the launch, we eagerly anticipate the opportunity to engage with our industry peers at the BIBA Conference. We look forward to discussing current trends, challenges, and advancements in the insurance sector. Our commitment to continuous innovation and supporting the broker community with tools that drive efficiency and client satisfaction remains unwavering.
