

CRIF exhibits at the BIBA Conference 2025

Manchester, 14-15 May 2025 - CRIF is pleased to announce its participation in the upcoming conference of the British Insurance Brokers' Associations (BIBA) on 14-15 May 2025. Supporting the UK insurance sector with information services, open banking, ESG, and digital solutions, CRIF aims to enhance decision management, business sustainability, consumer profiling, pricing, risk assessment, and fraud prevention.

The theme of this year's conference, "*A New Era*", is centred around encouraging brokers to find solutions for emerging and future risks.

Graeme Trudgill, BIBA CEO, said: "Reflecting on what has impacted us since the Millennium is incredibly important when looking forward. We have experienced much change in the last 25 years: seven Prime Ministers, a new regulator (the FCA) and its subsequent rules, Brexit, a cost-of-living crisis and changing risks. We have a new Government with a challenging growth strategy that insurance brokers can help deliver. Now is the time to look forward with a fresh perspective on what's to come. I know that our members will find insurance solutions for the new risks people and businesses will face as we enter '*A New Era*' of broking."

To respond to these new challenges, CRIF has been a trusted partner to insurers and brokers in the UK for over 25 years, offering innovative data-driven solutions to digitalise and speed up insurance processes, from underwriting, and pricing to claims management and fraud investigation. Some of the key services provided by CRIF include:

- [RADAR](#) for point-of-quote fraud prevention
- [Verification Services](#) for real-time due diligence and fraud prevention
- [Business Information](#) for credit assessment and risk management
- [Open Banking](#) for consumer credit scoring and data enrichment
- [ESG Data and Analytics](#) to optimise pricing and loss ratio

Don't miss the opportunity to connect with CRIF at stand **#C75** to learn more about how we can help you protect and grow your book of business.

About CRIF

CRIF provides information services and digital solutions for the UK financial sector to support decision management, consumer profiling, pricing optimisation, ESG compliance and fraud prevention. CRIF has been supporting the UK insurance industry for over 25 years and is a provider of the Claims and Underwriting Exchange Register (CUE) as well as the outsourcer appointed by Claims Portal Ltd. to operate the RTA, EL and PL portal.

Over 10,500 banks, 450 insurance companies and more than 90,000 business clients use CRIF services in 50 countries worldwide.
