» FLOCK

PRICING THAT REWARDS SAFETY

PREMIUM REBATES (UP TO 10%)

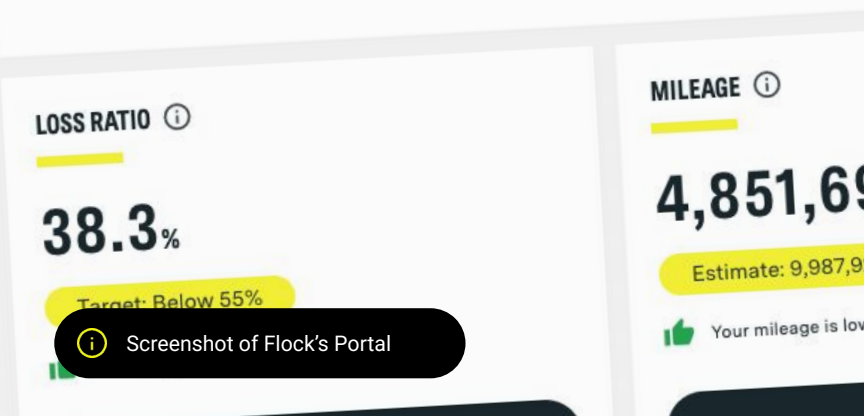

By reporting claims quickly, driving safely, and maintaining a healthy Loss Ratio, fleets can earn a Premium rebate of up to 10% at renewal.

DATA-DRIVEN RENEWALS

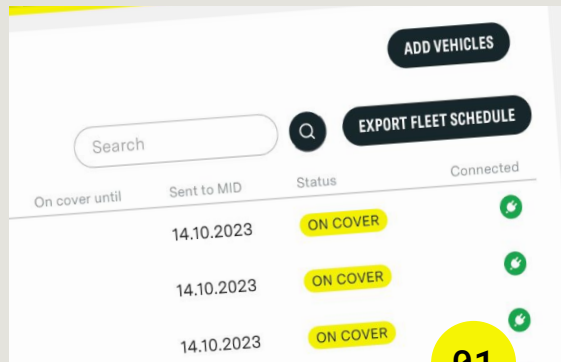

Flock leverages fleet telematics data to offer more competitive renewal pricing for those fleets who demonstrate safer driving over time.

FLEXIBLE FINANCING

Fleets can choose to pay in full, bring in a premium finance provider, or use Flock's own financing solution (with a competitive interest rates).

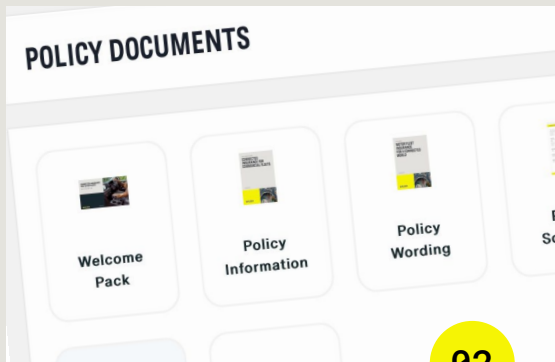

Screenshot of Flock's Portal

VEHICLE MANAGEMENT

Adding or removing vehicles from an insurance policy takes three clicks. All vehicles are automatically added to the MID.

INSURANCE DOCUMENTS

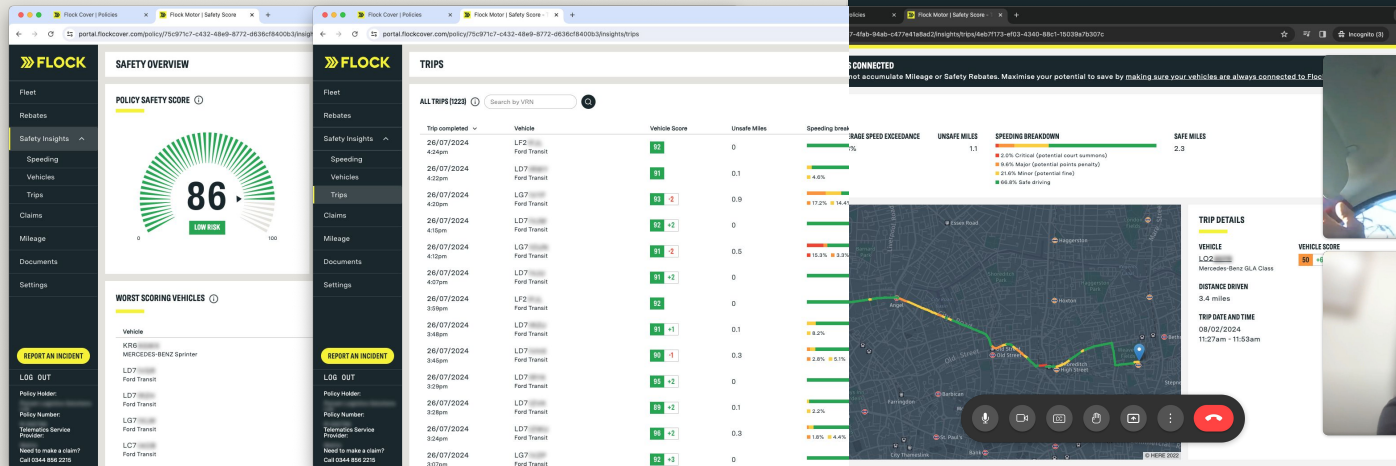

All important documents can be accessed or downloaded instantly via the Flock Portal.

CUSTOMER SUPPORT

Flock experts are on hand at a moment's notice - either over the phone or via Live Chat on our website.

SAFETY COACHING

Fleet Manager (Customer)

Risk Manager (Flock)

SAFETY COACHING

DIGITAL SAFETY INSIGHTS AND REPORTS

Flock's Portal provides Safety Insights, designed to help fleets reduce accidents and keep their vehicles on the road.

Fleets can identify their most high-risk drivers, visualise and quantify risk in real time, and develop tactics to minimise accidents during the policy period.

ONE-TO-ONE SAFETY COACHING

Flock provides quarterly one-on-one Safety Review Meetings for fleets, run by our in-house team and with the buy-in of brokers.

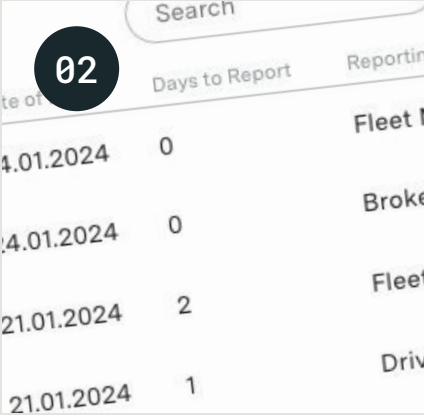

These sessions focus on Claims reporting, Safety Scores, speeding, harsh events, and distractions. Key actions and changes are identified and discussed.

01

MULTIPLE REPORTING CHANNELS

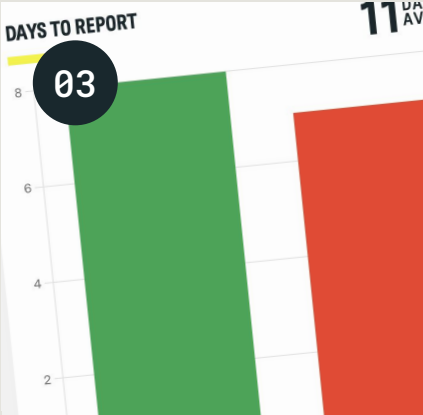

Claims can be reported via QR code stickers installed on vehicles, online on Flock's Portal or on the phone by calling our 24/7 claims hotline.

02

REDUCED EXCESS FOR EARLY REPORTING

Claims reported within 24 hours benefit from a lowered excess, dramatically reducing claims costs for fleets.

03

ONLINE CLAIMS INSIGHTS

Details of claims, status and impact on insurance are made available on the Flock Portal in real-time.

04

IN-HOUSE CLAIMS TEAM

Flock's in-house team monitors all claims, and are available directly to respond to any customer queries at a moment's notice.

TELEMATICS MADE EASY

Flock connected products use telematics technology to unlock its features

FOR ALREADY CONNECTED FLEETS

Flock is compatible with most telematics solutions in the UK.

Fleets provide data access consent, and Flock integrates with the telematics provider in the background.

FOR FLEETS REQUIRING CONNECTIVITY

Flock provides complementary, easy-to-install battery mount telematics devices.

The average fleet gets connected on the first 20 days of cover.

DESIGNED FOR A WIDE RANGE OF FLEETS

COURIER FLEETS

Including Amazon and DPD delivery service partners
