

## Press Release

### Diesta Showcases Insurance-First Payment Innovation at BIBA 2025

*London, UK – 23<sup>rd</sup> of April 2025* – Diesta, the leading payment operations platform purpose-built for the insurance industry, is proud to be exhibiting at the **BIBA Broker Conference 2025** in Manchester. As the industry gathers to explore the future of insurance, Diesta is setting the pace by showcasing the **most advanced payment technology tailored specifically for brokers, MGAs, and insurers**.

Among the key highlights this year is Diesta's latest innovation: **integrated journals and ledgers**, built directly into its reconciliation platform. This new capability enables firms to manage the **entire premium payment lifecycle** - from **receiving** funds, through to **reconciliation**, and finally to **remittance** - all in one seamless workflow.

With automation, transparency, and control at its core, Diesta continues to redefine what modern finance operations should look like for the insurance market.

**Visit us at G27** to see it in action.
